

Managing Space Delivering Value

**Storage & Logistics
Warehouse Space
Office Space
Transport**

Welcome to Tomkinsons

Established in 1956, Tomkinsons has a rich history providing warehousing and transport for companies in many industries.

Over the decades, we've consistently innovated and evolved to meet the changing demands of the businesses we support.

With strong family-values and an eye on the future, we've always maintained a strong commitment to excellence and sustainability.

Storage & Logistics

We can handle the entire logistics process for you, including receiving, storing and dispatching all types of goods and consignments.

All our facilities are equipped with the latest logistics management systems.

We can provide:

- Third-party logistics
- Pallet and bulk storage
- External storage
- Pick & Pack
- Transport

Commercial Space

Warehouse Space

We can also provide self-managed warehousing space for your own operations:

- Up to 50,000 sq ft
- Short- or medium-term tenancy
- Long-term lease
- Access to additional space if/when required

Office Space

As well as warehousing, we also have extensive onsite office space for tenancy leasing:

- Easily configurable
- On-site parking
- Disabled access
- Fast Wi-Fi
- Air conditioning and heating
- EV charging

Transport

Through our extensive network of partners, we can provide:

- Local, national and international distribution
- Multi-drop distribution
- Pallet, bulk or parcel logistics
- Loading & unloading
